List of schools determined to have a high concentration of students from low-income families. List of schools in which the enrollment of students from low-income families exceeds thirty percent of the total enrollment of students.

Pursuant to the provisions of section 205(b)(3)(A)(i) of the National Defense Education Act of 1958, as amended (20 U.S.C. 425(b)(3)(A)(i)), notice is hereby given of the public and other nonprofit elementary and secondary schools which have been listed in accordance with the regulations governing the administration of the National Defense Student Loan Program (45 CFR 144.8(i)(2)) as being in school districts of local educational agencies eligible for assistance pursuant to Title II of Pub. L. 874, 81st Congress, as amended (Title I of the Elementary and Secondary Education Act of 1965), and as having high concentrations of children from low-income families for the 1974–75 school year.

Pursuant to the provisions of section 465(a)(2) of the Higher Education Act of 1965, as amended (20 U.S.C. 1087ee(a)(2)), notice is hereby also given of the public and other nonprofit elementary and secondary schools which have been listed as being in school districts of local educational agencies eligible for assistance pursuant to Title I of the Elementary and Secondary Education Act of 1965 and which have been determined for the 1972–73, 1973–74, and 1974–75 school years to be schools in which the enrollment of children described in clause (A), (B), or (C) of section 103(a)(2) of Title I of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 241c(a)(2)(A), (B), (C)), using a low-income factor of $3,000, exceeds 30 percent of that school's enrollment.

Teachers with outstanding indebtedness as a result of loans made prior to July 1, 1972 under the National Defense Student Loan Program are entitled to a 15 percent per annum rate of loan cancellation for each complete academic year (or equivalent) of full-time teaching service performed in public or other nonprofit elementary or secondary school which for that year has been designated by the U.S. Commissioner of Education as having a high concentration of students from low-income families.

Teachers with outstanding indebtedness as a result of loans made on or after July 1, 1972 under the National Direct Student Loan Program are entitled to a 15 percent per annum rate of loan cancellation for each of the first two complete academic years (or equivalent) of full-time teaching service performed in a public or other nonprofit elementary or secondary school which has been designated by the U.S. Commissioner of Education for those years as being a school in which the enrollment of children described in clause (A), (B), or (C) of section 103(a)(2) of Title I of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 241c(a)(2)(A), (B), (C)), using a low-income factor of $3,000, exceeds 30 percent. The rate of National Direct Student Loan cancellation for teaching a third or fourth year in one of these designated schools is 20 percent per annum, and the rate of cancellation for teaching the fifth year in one of these designated schools is 30 percent per annum.

The school lists appear in alphabetical order by State. The entries for American Samoa, Guam, Puerto Rico, the Trust Territory of the Pacific Islands, and the Virgin Islands appear following the list for the State of Wyoming. The District of Columbia is included in the alphabetical sequence.

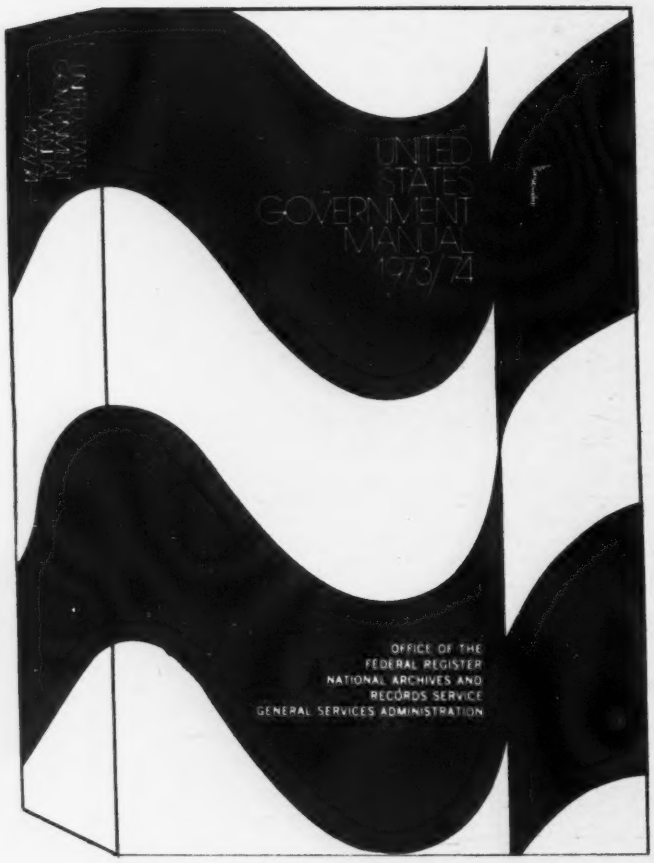
United States Government Manual

1973/74 Edition

"Bureaucrat's Bible" or "Guerrilla Handbook"?



The Manual has been called the "bureaucrat's bible." It has also been called a "guerrilla warfare handbook for citizens tired of jousting with windmills."

As the United States Government Organization Manual, it has been a familiar aid to businessmen, researchers, lawyers, and students seeking current information about the Federal Government. This year, the title has been changed to reflect a broader emphasis on consumer-interest programs, although the agency organization charts are still included.

A fresh, modern format highlights a "Sources of Information" section for most agencies, with addresses and telephone numbers for obtaining information on:

- Employment
- Government contracts
- Environmental programs
- Small business opportunities
- Federal publications
- Speakers and films available to civic and educational groups
